

VEHICLE ACTIVITY MODULE

Inventor: McGINN, Dennis & CHERUKURI, Suman

Atty. ref.: 60711-300101

THIS CORRESPONDENCE CHART IS FOR EASE OF UNDERSTANDING AND INFORMATIONAL PURPOSES ONLY, AND DOES NOT FORM A PART OF THE FORMAL PATENT APPLICATION.

2	vehicles	76	key chamber positioning switch
4	sales events	78	micro switches
6	non-sales events	80	electronics top section
8	intrusion events	82	housing top
10	vehicle activity monitoring system	84	housing bottom
12	vehicle activity modules (VAM)	86	keytag/ID sensor
14	lock box	300	first embodiment
16	keys	400	second embodiment
18	transmitter		
20	antennae		
22	central computer		
24	database		
25	web access		
26	reports		
28	alarms		
30	ADP/Reynolds& Reynolds / EDS Dealer Management Data Link		
32	ID issue		
34	authorization control		
36	VAM assignment		
38	rechargeable battery pack		
40	VAM health check		
42	VAM self diagnostic software		
44	VAM housing		
46	key container		
48	electronic module		
50	ID reader		
52	release solenoid		
54	release spring system		
56	window straps		
58	electronic circuit board		
60	ID card		
62	key presence sensor		
64	container closure sensor		
66	latch mechanism		
68	LEDs		
70	intrusion sensor		
72	solar panel		
74	key ID tag
